

# Carroms Tournament Rules 2026

## Rules and regulations for league games

1. A team gets 5 points for each win.
2. There will be a margin point +/- depending on the number of coins remaining. (This margin points will only consider when the match goes tie)
3. If a team covers the Red, then +3 bonus points will be added to their margin.
4. The names of the players should be updated at least 15 minutes before the scheduled time for each game.
5. Two teams from each pool scoring the maximum number of points will be qualified to the semi-finals.
6. In case of a tie, the team with more margin points will be qualified. If the margin points are the same, bonus points will be considered.
7. One match's maximum time limit is 15 minutes. The team with the least coins is considered as a winner.
8. Each player would have to make their shot within 20 seconds, If not met then the chance would be moved to the opponent.
9. If the striker pockets one white and one black coin in a single stroke, both coins are "covered" or pocketed. The striker would continue their turn, even if the order of the coins doesn't matter.
10. If the striker pockets the opponent's coin as the last coin after scoring a queen, the opponent will win the match and queens bonus will also be awarded to the opponent.
11. If the striker hits an opponent's coin as the last coin while the red coin is still on the board, it will be considered a minus. In that case, the striker's team must place one of their coins back in the center.
12. For the **women's tournament** we will play based on the point. (White 2, Black 1, Red 5).
13. If a match is not completed within 15 minutes, the winner will be decided based on points. If points are tied, the team that covered the Red wins. If the Red remains on the board, a toss will

decide the first striker, and an extra 2 minutes will be given to pocket and cover the Red. If the match is still tied, it will be declared a draw, and both teams will receive 2 points each.
